Press Release

GADANGME COUNCIL CONDEMNS ATTACKS ON ELECTROCHEM GHANA LTD

The GaDangme Council has received with deep concern reports of the attack on the premises of Electrochem Ghana Ltd, a subsidiary of the McDan Group, in Ada by some irate youth recently.

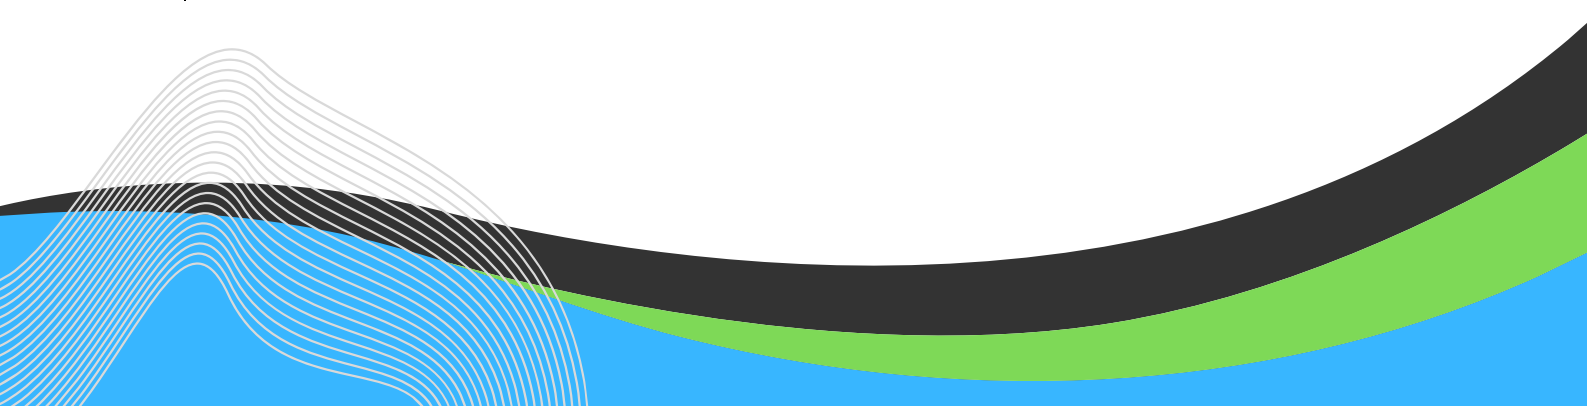

The invasion of the company's warehouse, bungalows, and subsequent acts of vandalism and theft are not only unlawful but also detrimental to the progress and development of our communities.

We unequivocally condemn this act of hooliganism and call on the relevant security agencies to conduct a swift and thorough investigation into the incident. It is imperative that the perpetrators are brought to justice to serve as a deterrent to others who may contemplate similar actions.

The GaDangme Council recognizes the significant role that Electrochem Ghana Ltd. plays in the economy of Ghana as well as the socio-economic development of Ada and the surrounding communities, particularly in providing jobs and fostering growth. Such attacks undermine the company's ability to continue its operations and jeopardize the livelihoods of many.

We also urge all members of the community to remain calm and refrain from any retaliatory actions that may escalate tensions. The Council will continue to engage all stakeholders to ensure that peace and stability prevail in the area.

We appeal to the government and security agencies to provide the necessary protection to Electrochem Ghana Ltd and other businesses operating in the region to allow them to carry out their activities in a peaceful and secure environment.
